

USING YOUR BLINDS WITH SIRI*

*only available in Apple devices using iOS 12 or later.

You can now add Siri voice command to Louvolite One Touch Motors in the latest Neo smart app. The app allows you to create scenes that make it easier to manage your blinds by asking Siri.

CREATING A SCENE

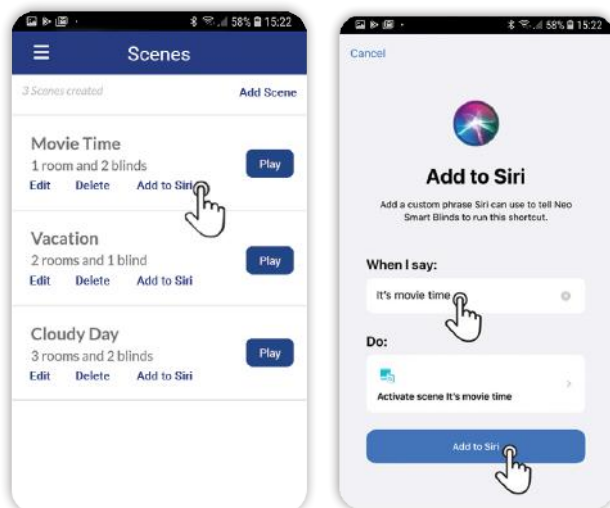

How to access the Scenes Page

- » Tap on the menu at the side.
- » Choose 'Scene'
- » You'll be then prompted to follow the steps.

Choosing a command for each room and blind to be added to the scene

- » The app will show you all the rooms and blinds on your account. You can then pick one command for each room and/or blind that you want to add to the scene.

ADDING TO SIRI

Linking Siri to your app

- » If you have an Apple device (iOS 12 or later), you will be able to access the 'Add to Siri' button.
- » Adding a custom phrase allows you to run the shortcut without touching your phone.
- » You can run the shortcut by saying "Hey Siri," then you say your custom phrase or the scene name.
